Petite X to Total Lite
 (2008 +)

Galleria to Total 1

Gourmet to Total 1

Total 1 to Total 1

Total Lite to Total Lite

Custom built units

Main improvements:
 "Debranding" and
 "rebranding" (if needed),
 technology upgrade

 **Satisfaction Guaranteed!**

"Wow! The Petite X to Total Lite... I couldn't tell the refurbished one from the new one!"

*Peter
 San Diego, CA*

"This was the best decision I have ever made! We had 20 machines gathering dust on a shelf, and they came back like new."

*Tom
 Chicago, IL*

"Old assets, now with touch screen and connectivity. AWESOME."

*Sid
 Boston, MA*

*Convert two (2) of your old units into two (2) like-new brewers for close to the retail price of one (1) new machine Shipping not included.

How Does It Work?

Cafection's Refurbishing Program is the only one that guarantees your unit will look like a brand new one! It is a simple way to upgrade your machines to the latest technology.

Complete Refurbishing Program Includes:

- Inspection
- Complete cleaning and sanitation
- Frame repaint option (black)
- Refurbishing of the brew group & grinder
- Software upgrade to the latest version, including the new generation features (microcontroller and flash card 3.0 & above)
 - Get ready to connect your like-new unit to Sophia — Global Management System
- 1 year warranty*
- Replacement of:
 - Water system components (tank, valves and tubes)
 - All electric switches (float, filter paper, brew group home position, heater and water level)
 - Fascia

*Except for parts in direct contact with water.

We Can Buy Your Old Units Back!

We are constantly looking for machines to rebuild or recycle. Especially unused brewers that are sitting on a shelf. We can recycle and recover them.

Give your old unit a second chance by keeping it out of the landfill!

For further information, contact your Cafection territory manager.

Other Refurbishing Options Also Available

Brew Group Exchange Program:

Receive an already refurbished brew group before sending your older one and ensure your unit will always be up and running!
